

International Trust

ATOM Trustees Ltd. is an established financial services provider based in Malta with a wealth of experience in the financial services industry. ATOM Trustees Ltd., part of the ATOM Group, is licensed and authorised by the Malta Financial Services Authority to operate as trustee, fiduciary and administrator of private foundations as well as retirement scheme administrator, providing administration of pension schemes in Malta.

ATOM has particular expertise within the following areas:

- Trustee services
- Fiduciary services
- Administration of private foundations
- Corporate services
- Private client services
- Fund services
- Retirement Scheme Administration
- Aviation
- Yachting

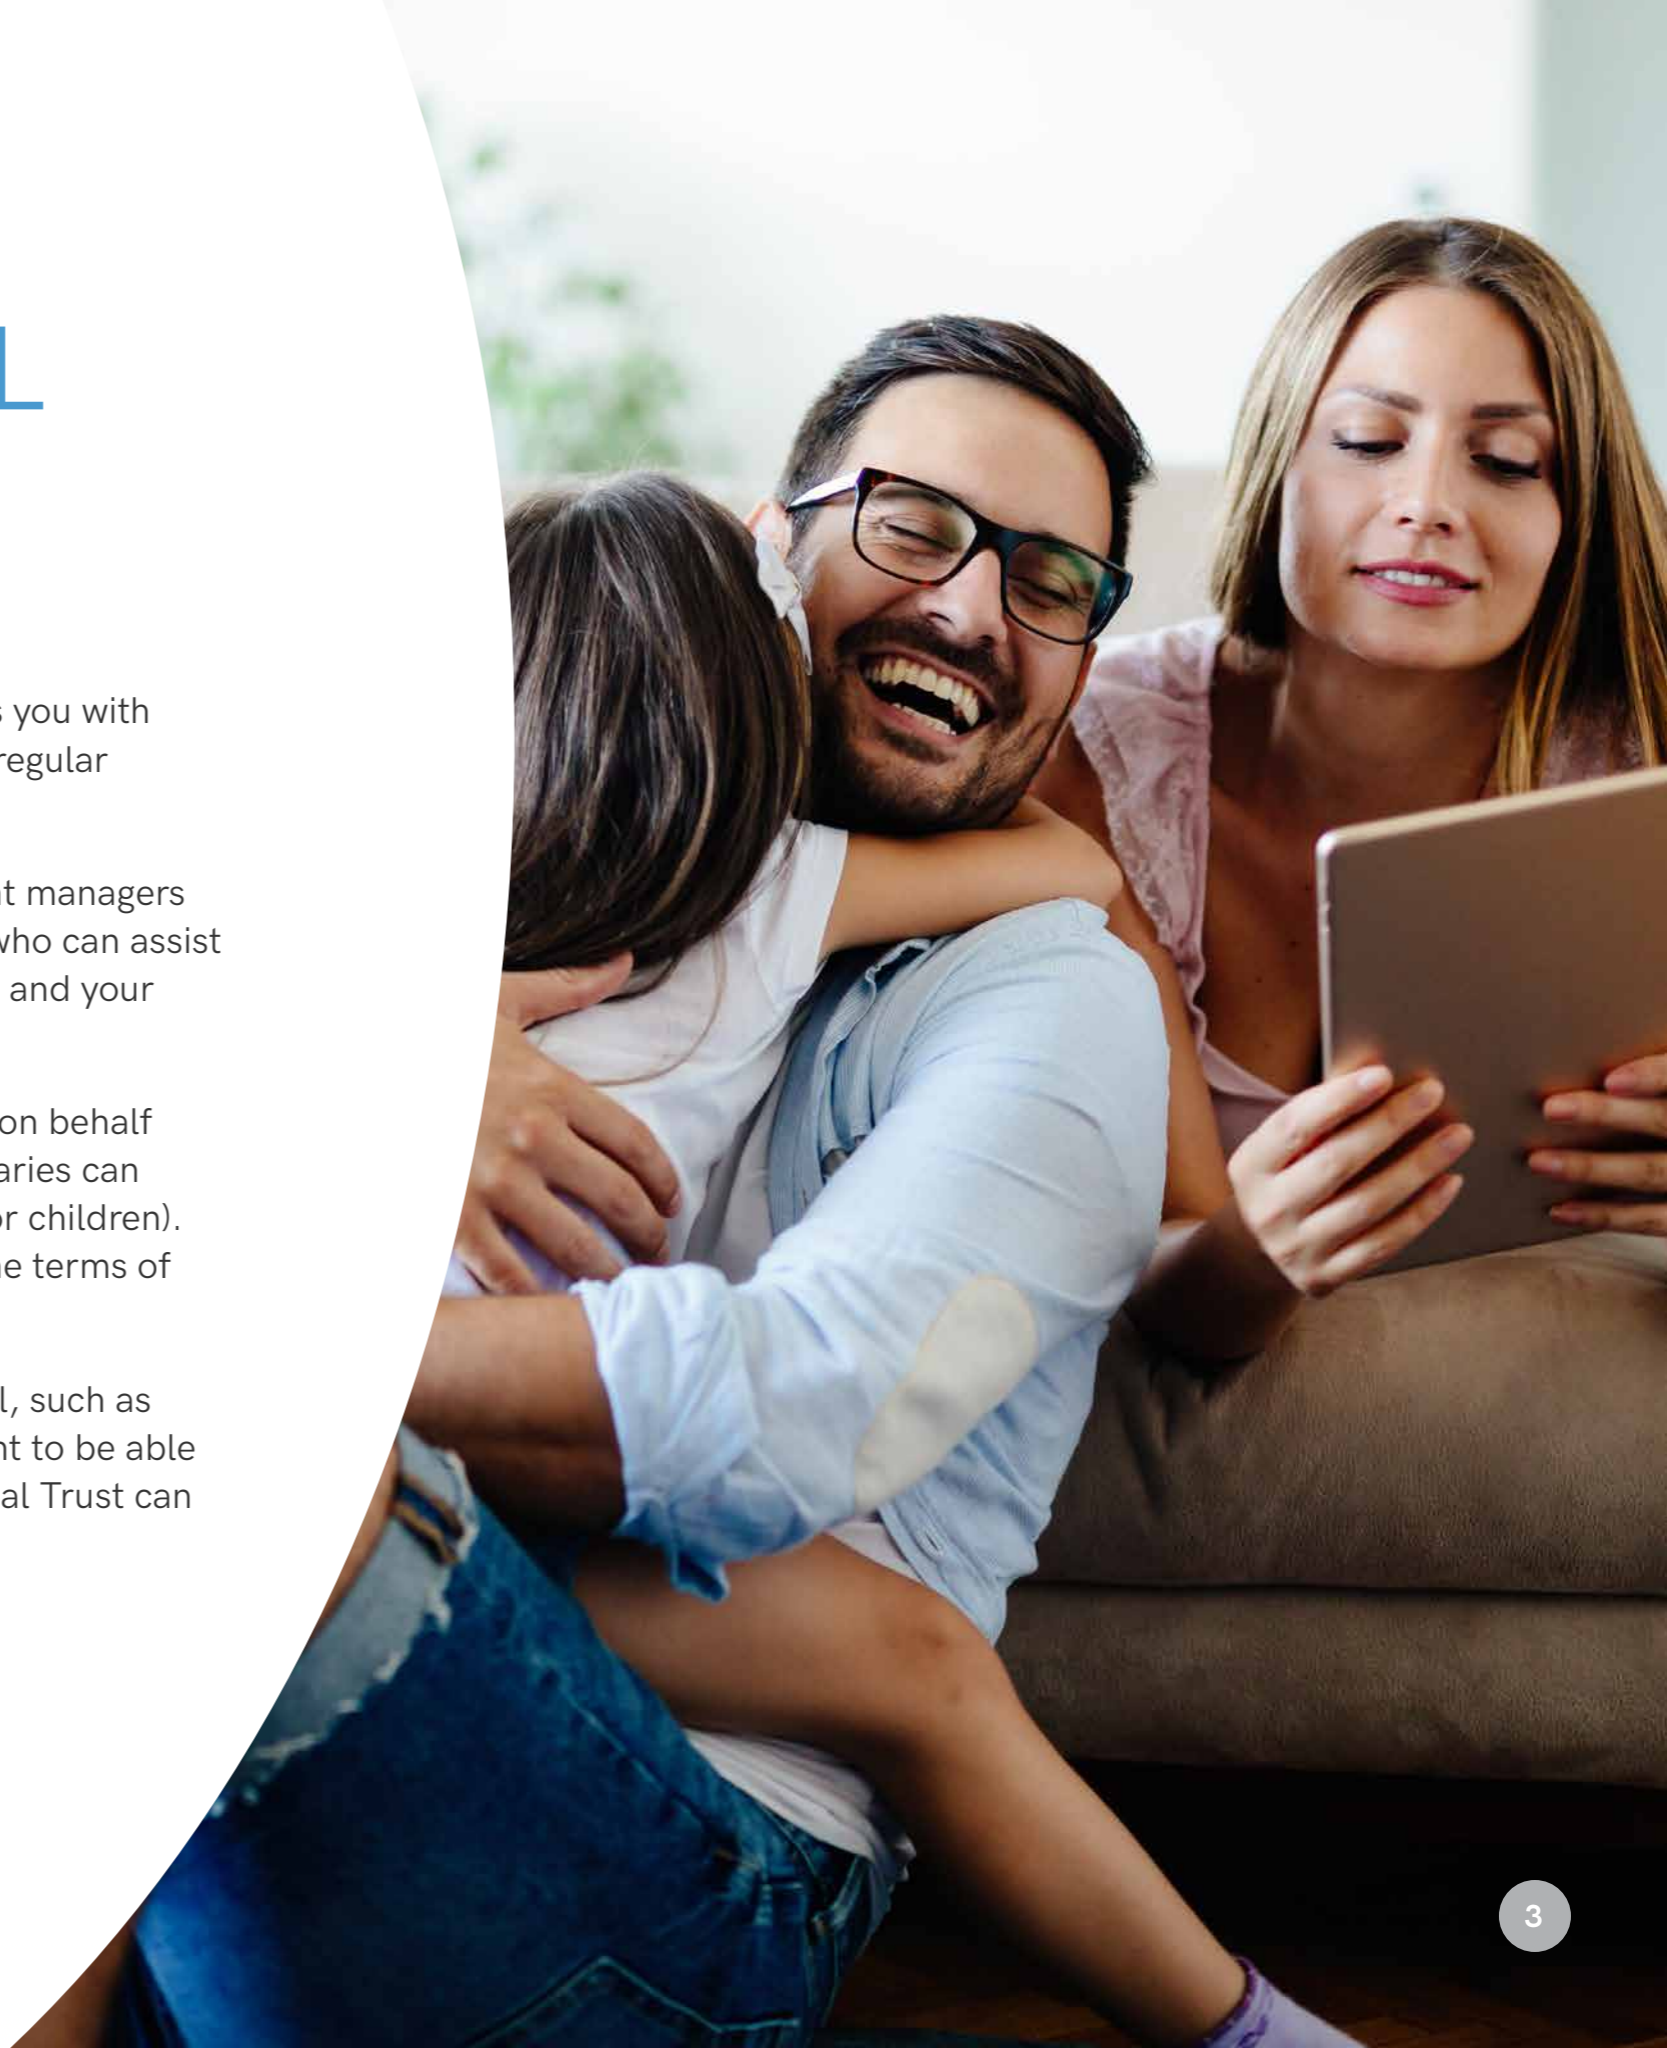

# INTERNATIONAL TRUST

Available from ATOM, the International Trust supports you with your financial goals through a disciplined approach to regular contributions or unique lump-sum settlements.

ATOM offers a selection of world-renowned investment managers with a diverse range of managed portfolio strategies, who can assist you on your journey towards the financial freedom you and your family deserve.

The assets in your International Trust are held in trust on behalf of you and your appointed beneficiaries. Your beneficiaries can be anyone you choose (for example your spouse and/or children). You have access to your trust at all times, subject to the terms of your trust deed.

Whether you are contributing towards a particular goal, such as your child's education or a wedding, or you simply want to be able to enjoy your retirement without worry, the International Trust can be tailored to your requirements.

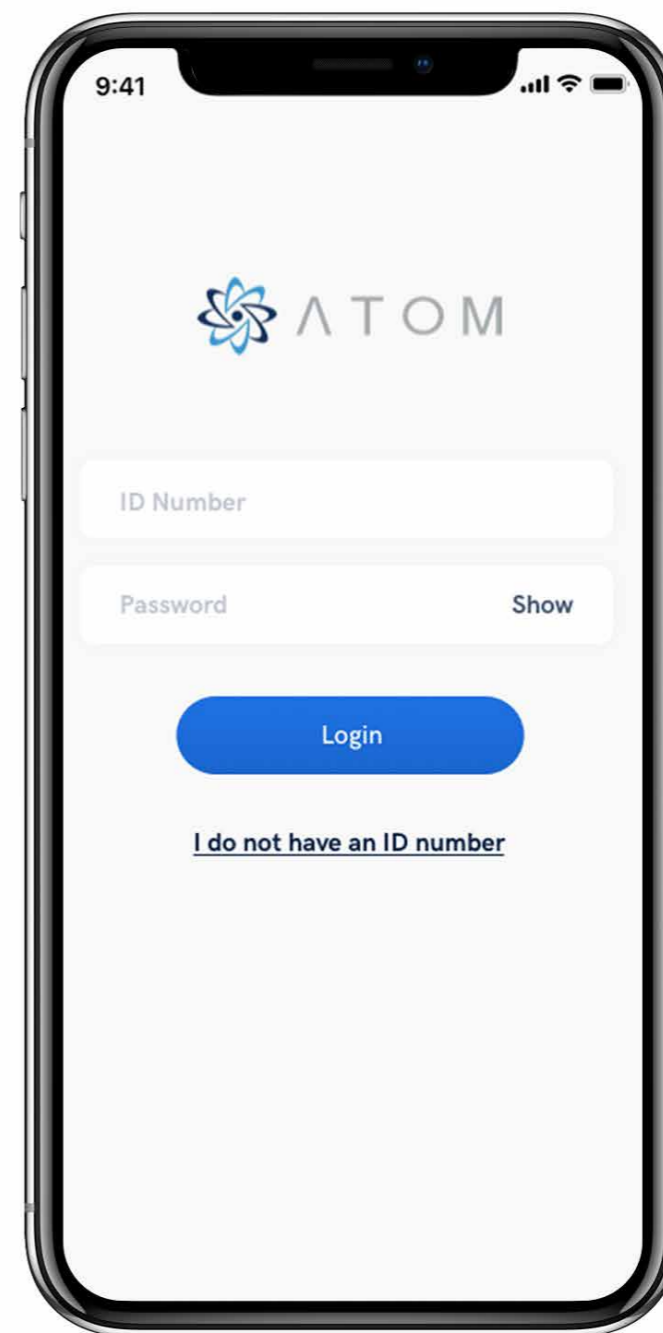

# ATOM: ALWAYS WITH YOU

At ATOM we understand that in today's fast-moving world you need constant access to your finances. It is for this reason that we have worked alongside a highly skilled team to develop an app for both phones and tablets to ensure you can always keep track of your International Trust.

With the help of your Settlor Adviser, you can create your International Trust through the ATOM App. Once your application has been approved, you can use the ATOM Client iOS and Android app on both mobile phones and tablets to track every aspect of your trust, including portfolio performance.

The ATOM Client app ensures that wherever you are, and whatever you need, ATOM is by your side.

# FLEXIBILITY AND PEACE OF MIND

Your Settlor Adviser will guide you to choose a strategy that suits you, taking into consideration your time horizon and risk profile.

ATOM's trust solution helps you:

- Contribute into a range of asset classes and investment strategies
- Choose one of four global currencies: £, \$, € or CHF
- Increase and decrease your savings contributions
- Contribute monthly, quarterly or annually
- Take your International Trust with you no matter where life may take you

The ATOM Group operates under two main arms – ATOM Trustees Ltd. and ATOM Corporate Services Ltd. The ATOM Group focuses on providing the following services to its clients:

### **Trustee Services, fiduciary services and administration of private foundations**

As a professional trustee, ATOM adheres to the standards required under the Trusts and Trustees Act, related legislation and best practice within the industry.

ATOM has particular expertise within the following areas:

- Provision of corporate trustees
- Formation and administration of trust companies
- Acting as council members of foundations
- Ongoing administration, financial accounting and tailored reporting
- Estate and inheritance planning
- Deceased estate administration
- Asset protection
- Real estate
- Tax planning

### **Fund Services**

ATOM provides fund formation assistance services and “substance”, which includes governance, company secretarial and compliance services. Through its collaboration with a larger international network, ATOM provides fund accounting, financial reporting and investor services.

### **Corporate Services**

With over twenty years’ experience within the corporate sector, the ATOM team focuses on assisting international clients who utilise Malta as a base for their commercial activity.

### **Private Client Services**

ATOM’s private clients range from entrepreneurial individuals to large families who have earned their wealth over a number of generations. Private client services include real estate, financial services and tax planning as well as assistance with applications for citizenship and Visas.

### **Retirement Scheme Administration**

ATOM is a licensed retirement scheme administrator and offers Recognised Overseas Pension Schemes (ROPS) to expatriate UK pension holders, supported by the expertise of our dedicated team of experienced professionals. ROPS are designed for expatriates holding a UK pension and offer various benefits to eligible scheme holders. As well as their increased efficiency, they can also provide great flexibility, more investment freedom and enhanced growth opportunities. Transfers of UK pension benefits can be received into ROPS without incurring an unauthorised payment and scheme sanction charges.

### **Aviation**

Malta’s regulatory framework applicable in the context of aviation, including mortgages over aircraft is intended to establish Malta as a hive of international aviation activity. Malta aims to be a cost-effective but sophisticated and reliable European jurisdiction for aircraft registrations. As an EU Member State, Malta is also a Member State of the European Aviation Safety Agency (EASA). Malta is also a member of the International Civil Aviation Organisation (ICAO). As such, the Malta registration marks emblazoned on an aircraft lend substantial credibility to that aircraft and its owner/operator.

ATOM relies in the highest level of technical and legal support that is available locally and abroad, enabling it to provide the best possible tailor-made solutions to its clients.

### **Yachting**

Yachts may be registered under the Malta Flag regardless as to whether they are ultimately intended for private or commercial use. Any citizen of Malta or of the European Union (EU) and any company registered in Malta or in an EU Member State may register a yacht under the Malta flag. A non-EU citizen cannot, accordingly, procure the registration of a yacht in Malta directly. However, any such non-EU citizen would be entitled to set up a company in Malta to hold and register the relevant yacht under the Malta flag.

ATOM regularly advises its clients on the sale and or acquisition of yachts, registration of mortgages, yacht importation, asset financing, VAT and crew-related matters.
